It complies with our obligations under the *Children's Protection Act 1993*, including:

- Section 8B – 8D – Child safe environments and criminal history assessments for people working with children; and
- Section 11 – Mandatory reporting.

It also complies with the *Child safe environments: Principles of good practice and Child safe environments: Standards for dealing with information obtained about the criminal history of employees and volunteers who work with children* issued by the Chief Executive of the Department for Education and Child Development.

3. Scope

This policy, from the date of endorsement, applies to all persons within this organisation, including:

- employees (permanent and casual)
- members
- players
- volunteers
- contractors
- indirect service providers
- sub-contractors

Note: In this policy, the term "member" is intended to cover all persons occupying any position listed above.

4. Commitment to child safety

Modbury Tennis Club is committed to the safety and well-being of all children and young people accessing our services and the welfare of the children and young people in our care will always be our first priority.

All children and young people who come to Modbury Tennis Club have a right to feel and be safe. Everyone within our organisation has a role to play in ensuring a safe environment for children and young people. This includes management, members and volunteers working with children and

young people or in close proximity to them and members with access to the records of children and young people.

We have appointed a child safety officer as a first point of contact to provide advice and support to employees, members, volunteers, children, young people, parents and caregivers regarding the safety and well-being of children and young people accessing our organisation. The child safety officer is also responsible for monitoring our child safety policy and practices, including our ongoing training needs relating to child protection issues.

This policy was developed in collaboration with the management committee and members of Modbury Tennis Club.

5. Children's participation

Modbury Tennis Club encourages and respects the views of children and young people who access our services. We listen to and act upon any concerns that children, young people or their families raise with us. We ensure that children, young people and their families know their rights and how to access the complaints procedures available to them.

We provide clear age-appropriate or developmentally appropriate explanations to children and young people and allow for questions during consultation and treatment. We involve children and young people in decision-making as appropriate.

We value diversity and do not tolerate any discriminatory practices.

6. Recruitment practices

Modbury Tennis Club takes all reasonable steps to ensure that it engages the most suitable and appropriate people to work with children. We employ a range of screening measures and apply best practice standards in the screening and recruitment of employees, members and volunteers. We interview and conduct referee checks on all volunteers and employees.

We conduct criminal history assessment for people working with children, as set out in Section 8B of the *Children's Protection Act 1993*. Criminal history assessments are required for anyone within our organisation that:

- has regular contact with children and is not directly supervised at all times;
- works in close proximity to children on a regular basis and is not directly supervised at all times; or
- supervises or manages persons who:
 - have regular contact with children or
 - work in close proximity to children on a regular basis; or
- has access to health records relating to children or young people.

Exemptions from this requirement may apply in some circumstances.

We ensure that criminal history information is dealt with in accordance with the Standards developed by the Chief Executive of the Department for Education and Child Development.

Our procedure for conducting criminal history assessments is provided in Appendix 1.

7. Code of Conduct

Everyone covered by the scope of this policy is aware of, and must abide by, our code of conduct. Our code of conduct was developed in collaboration with all our members.

The Child Protection guidelines for employees, members and volunteers of Modbury Tennis Club (otherwise known as the Code of Conduct) is contained in Appendix II.

8. Support for employees, members and volunteers

Modbury Tennis Club seeks to attract and retain the best employees, members and volunteers. We provide support and supervision so people feel valued, respected and fairly treated. We ensure that employees, members and volunteers who work with children have ongoing supervision, support and training so that their performance is developed and enhanced to promote the establishment and maintenance of a child safe environment.

Strategies we have implemented include:

- All new employees and volunteers undergo induction and receive a copy of our child safe policy and code of conduct.
- All employees and volunteers receive regular supervision sessions that include a focus on ongoing learning about child protection and other matters that affect children and young people.
- From time to time, employees and volunteers working regularly with children and young people are provided opportunities to attend training sessions about their mandatory notification obligations.
- A child safety officer has been appointed as a first point of contact for all child protection matters.

9. Reporting and responding to suspected child abuse and neglect

Making appropriate reports of abuse or neglect

Modbury Tennis Club will not tolerate incidents of child abuse.

All employees, members and volunteers understand their obligation to notify the Child Abuse Report Line on **13 14 78** as soon as practicable if they have a reasonable suspicion that a child has been, or is being, abused or neglected.

From time to time we provide opportunities for employees, members and volunteers to attend information sessions about these mandatory reporting obligations. (*Note: offering formal mandatory notification training to staff and volunteers is not a legal requirement.*) We also ensure that employees, members and volunteers have access to relevant information resources available from the Department for Education and Child Development, including:

- Child safe environments: Guidelines for mandated notifiers and information for organisations (available to view or download from www.families.sa.gov.au/childsafes)
- Department for Education and Child Development's reporting child abuse website: www.dfc.sa.gov.au/pub/default.aspx?tabid=485.

We ensure that support is also available for the employee making the report, particularly where an ongoing service is provided to the child, young person and their family.

Supporting children, young people and their families

Child protection is everyone's responsibility. This Modbury Tennis Club recognises that even where a report is made, we may still have a role in supporting the child or young person. This support may include:

- Referring the child, young person or their family to other appropriate services
- Displaying information in our club rooms about other relevant services that may help, and
- Ensuring that the child or young person's medical needs continue to be met following the making of a report

Dealing with reports or concerns relating to the actions of an employee, members or volunteer of our organisation

In addition to making a report to the Child Abuse Report Line, employees, members and volunteers must also report to the management committee any reasonable suspicion that a child has been, or is being, abused or neglected by another employee, member or volunteer. Employees, members and volunteers of this organisation have a duty of care to report any concerns about the behaviour of another member to management even if they are not mandated notifiers under the *Children's Protection Act 1993*.

In response to any report to the management committee concerning a member of this organisation, management may determine to take disciplinary action against the employee and take other protective actions to ensure the safety of children and young people within our organisation.

Other protective actions may also be introduced to ensure the safety of children and young people within our organisation.

10. Strategies to minimise risk

Modbury Tennis Club takes steps to minimise the risks to children due to the actions or omissions of employees, members, volunteers, contractors or other people within our organisation. We review our risks regularly to address any new or emerging risks in order to maintain a safe environment for children.

Strategies we have implemented to minimise and control risks to children and young people include:

- High risk situations are addressed in our code of conduct
- All employees, members and volunteers are required to abide by our child safe policy
- Employees, members and volunteers are aware of and are responsive to the particular needs and vulnerabilities of children and young people (such as age, language barriers, developmental capabilities, disability, mental health, trauma or abuse)
- All parents and caregivers are made aware that young children entering our organisation must be supervised at all times. Where a child or young person is unaccompanied by a parent or caregiver, the organisation will consider whether a chaperone is required (such as a parent or caregiver of another child from within the club)
- Where the role of an employee, member or volunteer requires physical contact, the employee, member or volunteer will first seek the consent of the child or young person and their parents (where applicable)
- We respond to any concerns that children, or their families or carers raise with us quickly and fairly
- Employees, members and volunteers understand their obligation to notify the **Child Abuse Report Line on 13 14 78** as soon as practicable if they have a reasonable suspicion that a child or young person has been or is being abused or neglected
- We ensure a physically and socially safe environment, for children and young people, that is free of any identifiable hazards.

Evaluation of these strategies and the development of additional strategies, to minimise and control risks to children and young people, occur as part of our ongoing risk management process.

11. Harassment/bullying

Modbury Tennis Club opposes all forms of harassment, discrimination and bullying. We take this issue seriously and encourage anyone who believes that they, or another person, has been harassed, discriminated against or bullied to raise this issue with the child safety officer or the management committee.

12. Communication

Modbury Tennis Club will ensure that everyone to whom this policy applies is aware of and has had an opportunity to read the policy.

Conducting criminal history assessments

Assessments required for prescribed positions

All employees, members and volunteers of Modbury Tennis Club who occupy a prescribed position (as set out under Section 8B (8) of the *Children's Protection Act 1993*) are required to undergo a criminal history assessment once every three years.

Criminal history assessments are also required prior to the appointment of new employees, members and volunteers to prescribed positions.

Exemptions from this requirement may apply in some circumstances (see below). However this organisation retains the discretion to decide on a case-by-case basis whether any relevant exemptions will be exercised.

This requirement applies to all employees, members and volunteers who regularly work with or around children in an unsupervised capacity or have access to children's health records.

Procedure for conducting criminal history assessments

Note: The Children's Protection Act 1993 enables organisations to decide the manner in which they will conduct criminal history assessments. Please choose the option below that reflects the method of assessment that your practice has adopted.

A satisfactory criminal history assessment is a precondition of working in a prescribed position at this organisation.

Prior to the appointment of a new employee, member or volunteer and then at three yearly intervals, this organisation will direct the employee, member or volunteer to obtain a National Police Certificate (NPC) from South Australia Police. The cost of obtaining a NPC will be negotiated between the organisation and the employee/volunteer.

South Australia Police require the explicit written consent of the applicant prior to the release of criminal history information. The NPC application form is available from

http://www.police.sa.gov.au/sapol/services/information_requests/national_police_certificate.jsp.

Where a person has no disclosable criminal history, the assessment is successfully completed and no further action in respect to an assessment is required.

Where an individual does have a criminal history, this organisation assesses this information in accordance with Standard 5 of the *Child safe environments: Standards for dealing with information obtained about the criminal history of employees and volunteers who work with children*.

Each assessment is conducted on its individual merits and with consideration to the inherent requirements of the position. Principles of procedural fairness and natural justice are applied throughout the decision-making process and the individual is provided an opportunity to confirm or dispute the information contained within the report and to provide contextual information for consideration during the assessment process.

Criminal history information will not be retained once a decision has been made regarding the person's suitability to work with children. No criminal history information will be retained beyond three months in any circumstances.

In accordance with its legal requirements, this organisation will retain the following information regarding its decision:

- That a criminal history report was obtained
- How the criminal history information affected decision making processes
- Statutory declarations (where applicable).

The organisation may obtain a further criminal history assessment for an employee member or volunteer at any time that the organisation believes it necessary or desirable for the purpose of maintaining a child safe environment.

Other evidence (optional)

Where appropriate, this organisation may utilise a number of forms of evidence (obtained within the last three years) to assess a person's suitability to work with children. This includes:

- A National Police Certificate that does not expressly state that it cannot be used as a clearance to work with children
- A Letter of Clearance to work with children from the Department for Communities and Social Inclusion Screening Unit
- A valid and current interstate working with children check.

Acceptance of other forms of evidence is at the discretion of this organisation and is subject to the person completing a 100-point check to confirm the true identity of the applicant.

This organisation may also at its discretion seek a statutory declaration for any employee(s) or volunteer(s) who have been citizens or permanent residents of a country other than Australia since turning 18 years of age.

Exemptions

The following organisations, persons and positions are exempt from the application of Section 8B of the Act:

- (a) an organisation that provides equipment, food or venues for children's parties or events and does not provide any other services;
- (b) a person who undertakes work on a voluntary basis to provide a service in his or her capacity as a parent or guardian of a child who is ordinarily provided with the service;

- (h) a position that only involves prescribed functions because children are employed or engaged to work as volunteers by the person occupying the position or by that person's employer;
- (i) a position in which all work involving children is undertaken in the presence of the children's parents or guardians and in which there is ordinarily no physical contact with the children.
