About Us

The South Perth Tennis Centre knows tennis - we have grown up with tennis from our beginning in the South Perth Zoo in 1898 before moving to the current centre in 1988. Our 6 plexipave and 4 synthetic courts are floodlit at night and along with 12 professionally maintained grass courts are in action every day of the year. Come down to play tennis and enjoy our club facilities surrounded by pine trees and open spaces.
