- **How to book a court**

You will shortly receive an email invite from play@tennis.com.au requesting that you register an account with our online Book a Court system (setup only takes a minute). *If you have signed up membership directly on the club's website your account will be registered automatically at that time and you are ready to make your first booking!

Once you have a registered account you can book a court online at any time (day or night) through the "Booking" page on the Club's website

<https://play.tennis.com.au/westLalortennisclub>.

Please note if you book a court at night you will be required to pay for the light hire charges online and the lights will turn on automatically upon arrival (when you enter your code at the gate). Alternatively, we also have a Gold Membership option which also includes unlimited free lights for 12 months.

During your booked timeslot you will also have access to the bathroom and vending machine in the clubhouse, via the external toilet door which is linked to the booking system (i.e. the door is automatically unlocked when your code is entered at the gate and relocks at the conclusion of the booking).

Please ensure the door is not propped open as the monitored alarm will be immediately activated as soon as the booking has concluded.
