Fencing

No we are not taking up a new sport. Council will be erecting some fencing from near the road to the hot shot courts to stop

vehicles from accessing the MTB Pump tack behind the Hot Shot courts. The fence will allow pedestrian access. Council are hoping to complete the work before the end of financial year.

Winter Tennis

Anyone interested in joining the "Die Hard Winter" tennis hitters for a hit on Wednesday nights feel free to join us from 5pm. Commencing May 1. We hope to get 4 teams so no waiting for courts! So rug up

Defibrillator Training Opportunity

Our defibrillator is about to arrive and training is tentatively scheduled for **18th June or 25th June**. All committee members will be expected to attend. We have 20 spots available so if anyone interested in training please contact Tracy ASAP on 57551688 or via the bright tennis club email account - brighttennisclub@gmail.com

How to use a defibrillator (AED)

Lights/Action

All the light globes were recently changed. How? Well you can see the effort it takes, which is why all globes are changed at the same time. Unfortunately a transformer was faulty which is why court 3 was a little dark for a few weeks. But all is now fixed and we have all lights working again.
