This was an exciting term of tennis with outings to both the Australian Open and Government House.

The Australian Open gave our All Abilities players the opportunity to watch some great matches as well as have a hit out on court with American player Danielle Collins. Our trip to Government House included a tour of the grand State Apartments and then a hit of tennis out on their grass courts. Many of us hadn't played on grass courts before so it was an interesting challenge getting used to the different bounce of the ball. Thank you to Tennis Victoria for helping to facilitate both of these events for us.

To make enrolling and paying easier next term, we are encouraging everyone to enrol and pay online using the link below. This link will also be emailed to everyone:
