The long-lost list of the history of Life Members was also tracked down in 2010 and updated in 2010 for the unveiling of a new Life Members Honour Board on 12 December 2010. It was subsequently updated again in January 2018:

All this historical information might have been lost in state archives and old club records “forever”, if it had not been for the tireless effort that Jeanette Hordacre invested over the course of almost a year in 2009’10. Jeanette’s initiative has been a fabulous contribution to the club, the benefits of which will endure for many decades to come.

### **Recent history**

With a view to applying for commonwealth funding support of facility and infrastructure upgrades, NTC registered for an ABN late 2009.

The club joined Tennis SA in March 2010.

In October 2010 the two north courts were upgraded to Tennis Australia standard and colour. This work was funded by Mitcham City Council and was project-managed by Tennis SA in collaboration with NTC and HRTS.

The state-of-the-art design of NTC’s logo was generously provided to the Club in mid 2010 by [threefiftyseven](#).
