

Palmwoods Tennis Club Newsletter October 2022

Hi to all,

Our courts 1, 2 and 3 will hopefully be resurfaced in 2023. They are looking very worn and torn especially court 2, please take care on this court or avoid using it if possible.

Funding is coming together with grant applications in progress. Thanks to Sunshine Coast Council's Major Facility grant approval (subject to conditions). Some repair work by Sportzimg on the base lines and torn sections will happen when the weather allows. The new synthetic grass surface will be similar to the previous mat, being a low pile of 16mm providing a fast bounce.
