# ATTENTION: PTA PLAYERS

The PTA **require** ALL players to join Tennis Vic and have a login so that they can check their results, draws, progress etc.

This also then gives all players a ranking which assists the PTA in grading of players and teams into their correct sections.

MERGE PROFILES ON MATCH CENTRE:

Step 1   Page showing after Joining Tennis

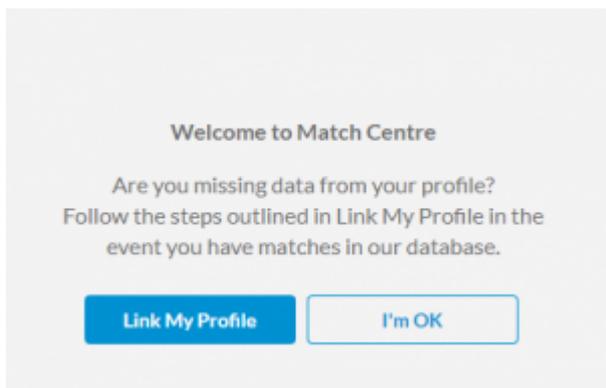

Step 2   You may notice that matches are missing from your profile. This may be due
                to duplicate profiles existing in League Manager. You can request to link
                duplicate profiles by following the steps outlined in the Missing Match
                Records section of the settings menu in your profile.
                Settings menu is accessed by clicking on your initials top right.

If you are first time user to Match Centre, a message will be visible detailing how you can search for duplicate profiles/missing match records for your profile.

To see if you have duplicate profiles:

1. Search your name via the search bar to see if multiple records exist.

2. Check the profile found is yours by reviewing All Results in the Performance section of the profile.

3. If you believe the duplicate profile is yours, you can place a request to link the profile to your account by clicking the Link Profile button at the bottom of the duplicate profile page.

4.

Tennis Australia will then review the request and may accept or reject the request. If the request is successful, matches from the duplicate profile will be transferred to your account.

If you have any problems the number for the Help Desk is 1800 752 983.
